## Building Permit for \$85,000 Building of Jewel Tea Co. Given

### Village Bd. Transacts Much Business in Meeting Tuesday Night

Antioch may get its new Jewel Tea Co. supermarket as shown by a permit given the Hope Construction Co. by the village board Tuesday evening to construct an \$85,000 building on Lake st.

The construction company has set up a blueprint room on the site on the south side of Lake st. near Broadway, and it is expected that excavation will start soon. The building will be completed some time next summer.

In other business the board gave Arch Gentle, salesman for the Duncan-Miller Co., to place 25 new parking meters in the village on trial for 90 days. If the board decides to keep them they may be paid for through 25 per cent of the receipts, the village keeping 75 per cent. They are priced at \$57 each and are expected to replace those now worn out.

The village received \$993.50 from parking meters and fines during October.

No notice of sales tax receipts was given by the state and the village doesn't yet know what revenue it may expect.

The village reimbursed Frank Powles \$108.92 for a fire hydrant and buffalo box for a water main that he financed at the instruction of the trustees. They are situated in his new subdivision in the north part of the village. How the entrance to the subdivision at Main and Poplar ave. may best be graded will be studied by the street committee. The problem is to provide satisfactory crossing place for pedestrians yet keep water from draining off Main st. into Powles' land.

A request to place new boundaries to the Al Herman subdivision so that the north portion, which may or may not some day be used for an extension of Depot st., may now revert to farm land was denied by the board. The plat already has been accepted. The subdivision lies north of Orchard st. and west of Turner Dr. and south of the sewage disposal plant.

Several residents of North ave. attended the board meeting in asking questions about tapping the water main which is in process now by a number of property owners on the south side of the avenue east of Main st.

They were Carl Gibson, Sigurd Nielsen, Charles Anderson, Mr. and Mrs. W. C. Steinell and Mrs. Albert Norman. The trustees advised them to make their connections soon before the county improves the highway.

Water mains in Unit 3 of Oakwood Knolls subdivision were accepted and will become a part of the village system.

Those who will attend the state convention of the Illinois Municipal League November 13, 14, and 15, are Trustees George Garland and E. H. Glenn, Atty. Edward C. Jacobs and Treasurer Martha Hunter.

## High School to Observe Education Week with Visits from Citizens

The thirty-fifth observance of American Education Week will be commemorated in the local high school Nov. 6-12. Citizens of the Antioch area are invited to visit their high school during this week. Arrangements will be made for visitors to visit classes and club activities.

The general theme for 1955 is "Schools—Your Investment in America."

The daily topics are:  
Sunday, Nov. 6—Your Investment in Character Building.  
Monday, Nov. 7—Your Investment in Teachers.

Tuesday, Nov. 8—Your Investment in Fundamentals.

Wednesday, Nov. 9—Your Investment in Classrooms.

Thursday, Nov. 10—Your Investment in Better Living.

Friday, Nov. 11—Your Investment in a Strong Nation.

Saturday, Nov. 12—Your Investment in Your Responsibility.

Grade School Fair Later  
The grade school had planned a book fair, but because the books will not arrive until Nov. 18, the observance of Education Week is postponed. The books will be displayed before the parents in the gymnasium on the occasion of the Parent-Teacher association meeting Nov. 21.

## Oakwood Knolls Gets Rural Home Delivery; Postal Business Grows

Residents of the Oakwood Knolls subdivision of Antioch are getting a break so far as mail delivery is concerned.

Although the subdivision is in the city limits, it is declared a part of the rural route area according to postal inspectors and as the result the rural carrier winds his way around through the subdivision.

As soon as Antioch approaches 2,000 population it is probable that home foot delivery will be provided other residents of the village. Oakwood Knolls, because of the distance from the post office would continue to get mounted delivery, however.

Postmaster Roy I. Kufalk said that Antioch is growing as is shown by the fact that October business this year was approximately \$5,000 while last year the month produced around \$4,000 receipts.

## Boy Scout Financing Drive to Start Nov. 6; Antioch Goal: \$700

Clarence Olson, community finance chairman for Antioch, announced that volunteer workers will canvass all homes beginning Sunday and lasting next week in raising money in the Boy Scout Finance Campaign.

The campaign goal set for Antioch is \$700, a representative share of the \$88,600 budget set for the North Shore Area council.

Funds raised in the campaign will be used to provide the services of the Council to the 34 communities, the 172 Cub Packs, Scout Troops and Explorer units and the 7118 boys who currently are benefiting from their participation in the Scouting program.

Mr. Olson said, "Scouting today is an accepted part of our community life. The Scouting program, with its emphasis upon training for participating citizenship, leadership, self reliance, good character, outdoor skills and tolerance, is needed today more than ever before by the boys of our communities. Let us match the contribution of thousands of hours of time by the more than 2,300 volunteer adult leaders with our generous financial support."

The future of Scouting in our community depends upon the success of this campaign. We must maintain, and expand, the necessary services provided by the Council if we are to adequately provide for the growing membership and program.

## Antioch Cage Team Will Organize, To Enter League Play

Plans to organize a basketball team for Antioch are going ahead today with solicitation of businessmen to raise funds for the purchase of equipment and uniforms for the team, which will represent Antioch in the Waukegan league.

Although all games of league play are scheduled for the Waukegan Armory, the locals will schedule games for the Antioch High School gymnasium with independent teams of surrounding towns.

The organizers have secured the services of Paul Kessenich as coach and he will be assisted by Don Chiappetta. Use of the high school gym for practice sessions and the games have been secured, and the first session will be held next Monday evening, Nov. 7.

Former high school stars who have already signified that they will play are Jerry Quilty, Bob Weber, Ben Floyd, Jack Palmer, Chuck Davis and others. It is believed that a good many young men of the community will show up on Monday for the first session.

## Republican Club to Dine

A free turkey feed is planned for all members and guests of the Antioch-Lake Villa Republican Men's club at the Antioch Rescue Squad building at 7 p. m. Wednesday, Nov. 9, Pat Murphy, secretary, has notified members.

## Antioch Assessment Roll Is Published

The assessment roll for the Town of Antioch as fixed by the assessor, appears on pages 14 to 19 of today's issue of The Antioch News. Every resident of the Town of Antioch, which includes the Village of Antioch should make it a point to check up on the amount of his assessment.

Any property owner who objects to the amount of his valuation should file a formal complaint with the Board of Review within 10 days from the date of publication of this assessment roll.

## Area, County Alerts Friday and Sunday Observe C. D. Week

### Antioch to Be Host to Five Fire Departments Tomorrow Night

Antioch will be host to an area defense alert Friday evening and on Sunday will participate in a county-wide defense alert in celebration of Civil Defense week, Civil Defense Director John L. Horan announced.

Wilmot, Trevor, Salem and Bristol fire departments in Wisconsin, and Lake Villa in Illinois will answer an alarm at 8 p. m. tomorrow and will come to Antioch with the disaster point established at Rtes. 59 and 173.

There will be no disaster exercises and no attempt at speed, Horan said.

The Wilmot department will be headed by Chief Lyle Techera, Trevor by its new chief Frank Mattis, Salem by its new chief George Feldkamp, and Bristol by Chief Fred Pitts. The veteran Erwin Barnstable is chief of the Lake Villa department and Edgar Simonsen is chief of the host department, Antioch.

After checking in at the disaster point the firemen will return to the Antioch headquarters for refreshment.

Antioch probably will send one fire truck and the Rescue Squad truck to the county-wide alert to Boy Scout Camp Okarro south of Rte. 173 east of Rosecrans at 1 p. m. Sunday. The converging of civil defense equipment there will be much on the same order as the one at Libertyville more than a year ago.

The units will move on orders by radio given by County Director Richard Willer of Libertyville.

## Wilmot and Central Win Their Conference Championships Easily

Wilmot and Salem, Central football teams won their respective conference championships last week end through victories.

The Wilmot Panthers trimmed East Troy in the Southern Lakes Conference 39 to 6 which assured them the crown regardless of yesterday's final game of the season with Burlington at Wilmot.

Delavan in second place had but four victories and a tie in contrast to the Panthers' six victories and no losses in conference play. The only Wilmot loss of the season was to Antioch.

Salem Central scored a touchdown in the last 30 seconds and won over Cedarburg 6 to 0 last week. Yesterday they played second-place Watertown which, while having no losses, had but one victory and two tie scores. This assured Central the trophy in the Braveland league regardless of the outcome yesterday.

## T. C. Larson Retained as Antioch Twp. Attorney

Antioch Township now has an attorney. T. C. Larson was retained on an annual basis at a meeting last month and he will attend meetings of the board beginning tonight.

Supervisor Lloyd E. Murrle said that the growth of the town and the increasing complexity of town government affairs, made the move to retain legal help on an annual basis more economical than getting legal advice piecemeal. Larson will attend all town meetings henceforth and will be available to the board.

A discussion of the drive to collect delinquent personal property taxes is on the agenda for Thursday's meeting and it is thought that the drive to collect from a few who have not paid will gain impetus by support at the meeting.

Judgments were issued against all delinquents some weeks ago, and several executions have been issued by one of the justices. As soon as the time limit has elapsed, ten days in this case, action will be taken against those who have not paid.

## Antioch High School Expenditures Almost One Quarter Million

### Treas. Report Is Published; Lists All Payments for Year

Cost of operation at Antioch High school for the fiscal year ended June 30, 1955, was \$237,728.10, according to a report published on page 8 of this issue of the Antioch News.

New Illinois law requires publication of a complete list of all expenditures of each school district annually, and the law is implemented by a requirement that a legal publisher's affidavit be on file with the county superintendent of schools before tax money is paid into the district.

Although the deadline for publication is past for this year, some tolerance, on the part of officials has made possible distribution of tax money where publication has not been made before the deadline, because of the newness of the law getting the report published before and in some cases impossibility of the deadline.

Inspection of the high school statement will reveal that it is printed in different form than those previously published, in that each item is not published on a single line with specific information as to the cause of the expenditure, but rather run together, one item after another, with information as to whom the amount was paid and from which account only.

This change from the regular form is a result of directions from the high school board of education to the school treasurer. The following letter was received with the printer's copy for the report:

October 28, 1955  
The Antioch News  
Antioch, Illinois  
Gentlemen:

Enclosed please find Financial Statement of Antioch Township High School, Dist. 117. Please print it in your next issue.

Mr. Dittman has asked me to have it printed so that each running line is completely filled in, stating it is the pleasure of the Board of Education, in order to save expense to the district.

Thanking you for past favors, I am,  
Sincerely,  
Helen M. Nelson

Because the form used is regarded as confusing, an offer was made by the Antioch News to publish the statement in the accepted form at no additional cost to the school, and also the school treasurer offered to pay any additional costs of publishing a more complete report. Specific information on any of the items of expense listed may be obtained at the high school or from the school treasurer.

## Patrol Boys to See Marquette-Detroit at Milwaukee Saturday

An estimated 80 grade school boys who have served the Antioch Grade school and St. Peter's Grade school as patrols for streets near the schools will be taken to Milwaukee Saturday to see the Marquette-Detroit football game as guests of George Borovicka, proprietor of Reeves Drug Store.

They will be treated to lunch by the Lulek Ice Cream Co. at Milwaukee. The youngsters will meet at 10 a. m. at the drug store and will be taken in school buses to Milwaukee. They will return at 8 p. m.

## October Weather Was Normal With 3.2 Rain

Weather for October was the usual according to Cooperative Observer Roy Kufalk.

The warmest for the month was 79 degrees on the sixth, and the coldest was 31 on the twenty-fifth when ice was frozen.

There was a total of 3.12 inches of rain of which .72 inch fell on the night of the 28th and 29th.

There was a trace of snow on the 24th and 30th.

## Little Vandalism in Antioch Halloween Night Police Report

Antioch had a comparatively quiet Halloween night and there was but little vandalism.

Police Chief Walter I. Scott had all of his regular staff on duty aided by the auxiliary police working in shifts of six men.

The memorial cannon at the village square was overturned as was a shed of the Hope Construction Co. on the Jewel Tea Co. building site, and a sign of the Sunshine Beauty Parlor damaged.

"I hated to see the disrespect to a memorial shown in the overturning of the cannon," said Chief Scott.

On the other hand he said he was pleased with the orderliness that was effected.

## Antioch Beats Palatine In Last Home Contest; To Play Grant There

### Sophs and Freshmen Lose to Pirate Underclassmen by Large Scores

Traditional rivalry will insure a hard fought football game when the Antioch Sequoits and Grant Bulldogs bring their season to a close Saturday night at Ingleside.

Antioch has had a better season than Grant, her latest victory having been a rout of the Palatine Pirates, in the last home game Saturday, 33 to 12. It was the fourth victory in six games and gave the Sequoits undisputed possession of third place. Undeclared Bensenville is leading the conference and Grayslake with but one loss is second.

Again it was the sharp passing of Al Reckers that aided materially in the victory of the Sequoits over the Pirates. He completed eight passes for a total of 179 yards and two touchdowns. Antioch gained 274 yards from scrimmage in contrast to Palatine's 112, although the Pirates had an 8-6 in first downs.

The Sequoits spotted Palatine a 6-0 lead in the first quarter before (Continued on page 12)

## 50 Prizes Awarded for Best Halloween Garbs; Band Heads Parade

### Eighth and Seventh Grades Tie for First in Window Art Contest

Halloween was an enjoyable event for the public grade school pupils of Antioch as the result of the parade and prizes provided for them Monday afternoon.

Headed by the grade school band, the youngsters marched in costume by grades through the business section of the village where a large crowd watched them. There were many clever costumes, some humorous, some ugly, others pretty, and the usual number of ghosts, goblins, and story book and TV characters. It was the first public appearance of record for the marching band.

Judging took place at the grade school gymnasium where the parade ended.

Nancy Lemke of the third grade and Chipper Tamer of the first grade won the grand prize.

Chipper was dressed as a jack-in-the-box and Nancy as a basket of leaves.

The judges were Mrs. Edith Elms, Mrs. Ila Lasco, and Mrs. Wanda Otedahl. Mrs. Homer B. Gaston, representing the Antioch News was mistress of ceremonies, announcing the winners, who were as follows:

First grade: Girls—Susan Turner, first; Kathy Gaston, second; Bonnie Jo Becker, third; Boys—Chip Tanner, first; Billy Smith, second; Frank Roblin, third.

Second grade: Girls—Linda Ripley, first; Cynthia Mortensen, second; Rhoda Jedele, third; Boys—John Jedele, first; Arnie Lubkeman, second; Arthur Meierdick, third.

Third grade: Girls—Nancy Lemke, first; Susan Nettles, second; Jill Kennedy, third; Boys—Randy Poulson, first; James Rentch, second; James Brusk, third.

Fourth grade: Girls—Gladys Olsen, first; Cheryl Polbrick, second; Karin Dowling, third; Boys—Je-R or Berke, first; Ernest Westlund, second; Leslie Miller, third.

Fifth grade: Girls—Jane Edwards, first; Marilyn Murrle, second; Carl Lasco, third; Boys—Edward Roquit, first; Ronald Van Rooy, second; Michael Chandler, third.

Sixth grade: Judy Densmore, first; Rilla Hughes, second; Christine Benedt, third; Boys—James (continued on page 12)

## Band Seeks Talent For Annual Minstrel Show, December 9-10

A meeting of Antioch Community Band members Tuesday evening at the home of President Wm. Lahti, was spent in making plans for the annual minstrel show to be presented December 9 and 10 at the Antioch High School auditorium.

President Lahti appointed committees for the event and a general discussion of ways and means was taken up.

This year's cast will include four end men, instead of the customary two, and three have been secured. Wm. Dow, co-chairman for the show said today that any residents who wish to take part in the show may contact him.

Louis Chenette, director of the band and head of the music department at Antioch High school, will direct the chorus, and rehearsals will begin for the chorus on Tuesday, Nov. 22, at the high school music room, and all who wish to participate will report there.

Band members Joan Cervenka and Loraine Steinel are in charge of ticket sales, and tickets will be on sale at various places of business in Antioch and also on sale by all band members.

## Cancer Expert Will Address B. & P. Club

Dr. Laurence Qualman, Waukegan, will speak before the Antioch Business and Professional Women's club at the next regular meeting to be held Monday, Nov. 7, at the Scout house.

Dr. Qualman will show movies and present a lecture on cancer.

Three Pay Traffic Fines  
The village received \$75 in fines from the police magistrate's court in October, according to the record of Police Chief Walter Scott.

Dominic Grefari paid a fine of \$50 and costs on Oct. 5 for following an emergency vehicle, and failing to stop for a red light and siren.

On Sept. 30, Sid Parker was fined \$15 for disregarding a stop signal and David Shultz was fined \$10 for going 50 miles an hour in a 30-mile an hour zone. The fines were assessed by Judge E. E. Brook.

## The Antioch News

ESTABLISHED 1886

Published Every Thursday at Antioch, Illinois

Subscription Price — \$3.00 per year in advance in Lake, Cook, McHenry and Kenosha Counties; elsewhere \$4.00 per year.

Entered as Second Class Matter at the Post Office at Antioch, Illinois, Under Act of March 3, 1879

THURSDAY, NOVEMBER 3, 1955

Time was when the operations of stock exchanges, brokerage houses, and other financial institutions were, to most people, wrapped in an opaque veil of mystery. In late years that veil has been pretty well lifted. More and more individuals—especially those in medium income brackets—have become owners of stocks. And the public at large undoubtedly has a much improved knowledge of what services stock markets perform, why they are needed, and how to go about buying and selling shares if one so desires.

At the same time, plenty of misconceptions are left. Left-wing groups, here and abroad, still point to Wall Street as the root of practically all economic and social evil, where a handful of incredibly rich men manipulate the strings and exploit the masses. And, no doubt, a good many people who are wise enough not to fall for this nonsense have a hunch that the stock market exists largely for gambling purposes.

Back in 1952, in order to separate fact from fancy and to show just what does go on, the New York Stock exchange started a series known as Public Transaction studies. These are detailed portraits-in-depth which reveal the real meaning of the transactions that occur in this national market place. The latest one covers two days when 80,000 individual purchases and sales of stock were made by the public. The motive underlying each transaction was reported by member firms of the exchange, along with the size of the transaction. On the two days volume averaged 3,000,000 shares, considered a healthy and representative figure, and more than 1,200 common and preferred stock issues were traded each day.

Certain of the facts produced are of general interest—and their dissemination should help to eliminate misconceptions that still exist.

First of all, margin transactions (which means those using credit) amounted to only 24 per cent, less than a quarter, of total share volume. Moreover, a strikingly high percentage of these margin transactions—77 per cent—were actually made for short-term or long-term investment purposes, rather than for trading. And margin trading was substantially down from the level reported in a similar study made some months earlier.

Second, an overwhelming majority of small investors (those with incomes under \$5,000 a year) purchased their stocks for cash, for long-term investment. Only 13 per cent of this group's total activity was for trading purposes.

Third, there was strong participation by institutions (insurance companies, educational and religious non-profit organizations, labor unions, banks, etc.) in the market. Their proportion of total volume was higher than in the study preceding this one.

Another fact of interest is that people of really large means are not the dominating element in today's picture. Only 33 per cent of individual investors covered in the study had incomes of \$25,000 a year or more. The largest group—36 per cent—was in the \$10,000-\$25,000 category. And investors in the \$5,000-\$10,000 bracket figured in 26 per cent of volume by individuals, while the under \$5,000 group accounted for six per cent of the total.

In summing up, the New York Stock Exchange makes this observation: "The Study shows the public, in general, in meeting its investment needs, and in its use of our market place, is demonstrating a realistic and thoughtful grasp of sound investment principles."

### Time to Get Going

The Chairman of the Citizens' Committee for Reorganization of the Executive Branch of the Government says: "The Hoover Commission, its great work well done, has passed into history. Now it is up to good citizens everywhere to make history by seeing to it that the Commission's recommendations get a full and fair hearing, looking to maximum action in 1955-56."

About 45 per cent of these recommendations can be accomplished by administrative orders, without new laws or changes in laws, so action there should begin immediately. When Congress meets again, there should be no avoidable delay in getting legislation started to effect other reforms which, in the words of the Commission's final report, would "strengthen the economic, social, and governmental structure which has brought us, now for 166 years, constant blessings and progress."

\* \* \*

### Gross Roots Opinion

RALEIGH, MISS., REFORMER: "We go along with the Rural Electrification program in which associations borrow from the government to finance construction of electric systems and later repay their loans. However, no candidate can curry favor with us by advocating outright ownership of electric distributions in which a whole nation is taxed for the benefit of a few small sections. Such is Socialism pure and undefiled—the first long stride toward Communism."

HILLSBORO, ORE., ARGUS: "Do you know that on an average business day, nearly 1,000,000 Americans act as capitalists, investing more than \$250,000,000 of savings in a variety of financial enterprises? Yes, the nation's private investment is comprised of the cumulative savings of people from every walk of life and income group. . . . If mass production symbolizes the unparalleled economic development of the United States, it is this system of mass capitalism which has made it possible."

## Food Sense — Not Nonsense

## Scoring For You—The Vitamin, Pyridoxine

It's teamwork that scores, whether it's the ice hockey team or that invisible team—the food you eat and your body. This changing of food into energy is an organized activity, in the midst of which are the B vitamins, each doing a specific job. One of the least spectacular of the vitamins, but nevertheless playing an essential position, is the B vitamin known as pyridoxine.

Pyridoxine, discovered in 1938, has received little publicity as compared with other members of the vitamin B complex family. This is, perhaps, because there is no apparent lack of pyridoxine players on the food team as the vitamin is widely distributed. Good sources are fish, meats, seeds including grains and yeast. This B vitamin is not destroyed by heat. Therefore, food products produced from grains, such as enriched bread and cereals are good sources of pyridoxine. Only small quantities of the vitamin are found in milk and vegetables.

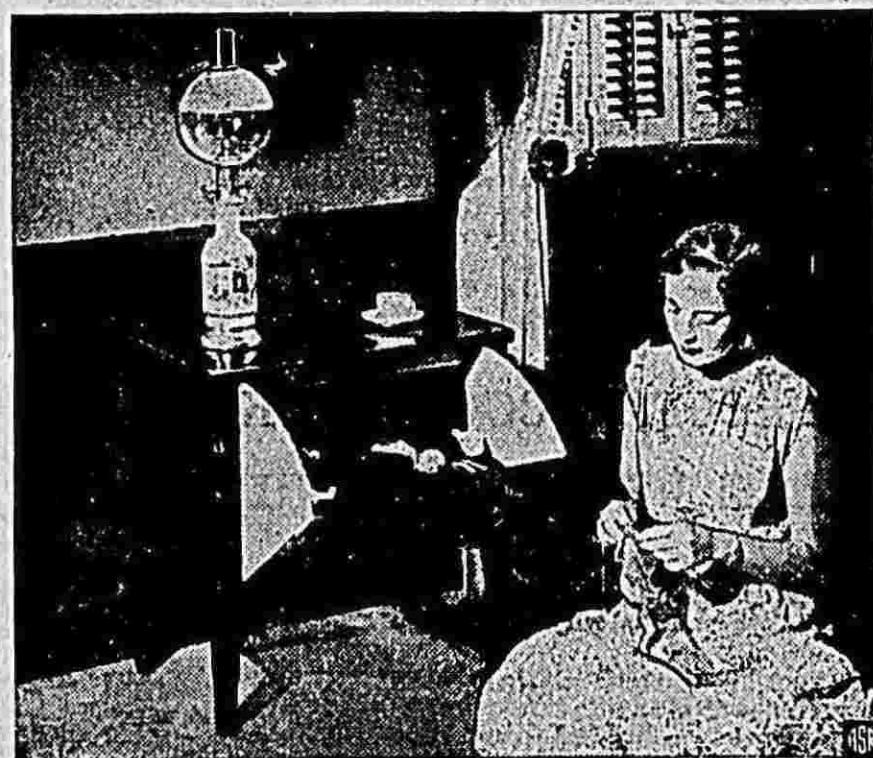

In the early studies on the B vitamins, this one was designated as vitamin B<sub>6</sub>. From the beginning, it was recognized as necessary for growth. Research is now focused on the place of pyridoxine in changing proteins into energy and its role in other processes involving proteins. There is some evidence that pyridoxine works with certain fats to prevent a specific kind of skin ailment.

In recent years, studies suggest that pyridoxine is required by humans as shown by its effect on blood levels and other body processes. Only in a few instances have naturally occurring deficiencies of this vitamin been observed in humans, probably because of its abundance in food.

The therapeutic usefulness of pyridoxine now is attracting the attention of scientists. Under observation is the possible beneficial effect of pyridoxine in early pregnancy. Much work remains to be done on this problem and other possible uses for this vitamin.

## Decorator's Notebook

by Alicia Joyce

Furniture today offers a greater wealth of function than ever, in any fashion, for any purpose, and in any size.

Large or small, most every item of furniture is inter-changeable from one room to another, and functions decoratively and practically wherever there is a specific need. New emphasis is given to storage requirements in many of the current furniture fashions.

Fashionable styling is such that traditional pieces will fit in with modern decor, and modern will fit in with traditional themes.

For beauty's sake, as well as convenience, shown above is a smaller item of furniture which has storage news. This petite and lovely commode adds just the right formal note to a room. With its tasteful styling comes an unusual note of function. Designed with a bin compartment, it will store knitting equipment, magazines, records, or other recreational incidentals, attractively and within reach. It gives you deep storage for bulky items.

It is a small item that fits well anywhere in the house, yet it has new storage attention to add greatly to the functional comfort of your home.

The facade is a simulated drawer design, and the finish is a rich deep gleam mahogany.

Mrs. Millie Luehr, Correspondent  
Eliot 6-4946

Millie Luehr who is your correspondent for the coming year requests you call Eliot 6-4946 for news you'd like published.

The Ladies' Auxiliary met last Wednesday morning at the home of Edna Stevens and worked on dressings for the Cancer society. Incidentally, this is their sixth year making dressings.

Harry Voss celebrated his birthday last week Wednesday. Luncheon guests were Mrs. Bonnie Raven and children, Claudette, Nevar and Randy of Elmhurst, Dorthea Mulvaney and her daughter, Precious, of Chicago. Millie Luehr dropped in for a piece of birthday cake. He received may birthday gifts and cards.

We welcome home Mr. and Mrs. Ben Feldman who spent a couple of weeks in Hot Springs, Ark. They look mighty healthy.

Dave Ennis, son of Mrs. J. M. Strohl will hunt tigers in the Isthmus on his leave. He is still in the canal zone with the signal corps and enjoys receiving the Deep Lake news.

Millie Luehr enjoyed her birthday last Friday at a luncheon at the Parkway with her friends Florence Larson of Pistagua Heights, and Helen Voss and Sally Groat who helped make it merry. After lunch they stopped at Henning Johnson's for cocktails and to wish Valdemar Peterson a happy birthday. Canasta was played later. Many thanks for the lovely gifts and the many cards.

Mr. and Mrs. Barney Weismantel and George Pennecks were week end guests at the home of Barney's sister, Mrs. George Peterson of St. Charles, Ill.

Mr. and Mrs. Art Sletten are back home from Minnesota. His mother was operated on last Wednesday and came through the operation fine.

Millie Luehr ran into Elaine Beaulieu, one of our members who now lives in Venetian Village. Saw their lovely home and wishes them lots of luck in it.

Florence McGuire was an overnight guest of Edna Stevens.

Allen Togan celebrated Halloween and his birthday Sunday. Guests were Rick and Carol Larson, Irving Metz, Leslie Herbst and Gary Stollenwerk, Donald Nelson of Crooked Lake. There were games and prizes, and of course, refreshments too.

### Publication Notice

State of Illinois )  
County of Lake ) ss.  
In the Circuit Court of Lake County, Illinois, in Chancery:  
John Dodge, Plaintiff  
vs.  
Verna Dodge, Defendant.

General No. 63099

The requisite affidavit for publication having been duly filed in the office of the Clerk of this Court,

NOTICE IS THEREFORE hereby given to said Verna Dodge that the plaintiff in the above entitled cause filed his praecipe for summons in suit for divorce on the 14th day of October, 1955; that summons was duly issued out of the said Court against you as provided by law and that said suit is still pending.

NOW THEREFORE BE ADVISED that complaint for divorce shall be filed against you within the 10 day period following the expiration of the 60 days from the last date of publication of this notice.

NOW THEREFORE unless you, VERNA DODGE, the said defendant, file your appearance in said action on or before the First Monday in the month of December, 1955, which date is December 5, 1955, and file an answer to the complaint in said suit as provided by law, a default may be entered against you at any time after that date and a Decree entered in accordance with the prayer of said complaint.

## Sport Sedan Makes Bow with 1956 Chevrolets

Reminiscent of the sport coupe which Chevrolet introduced with such sensational success in 1950, a sport sedan makes its debut along with the company's other new models. Elimination of the center pillar in the window area adds smartness as well as unexcelled visibility. The hardtop sedan will be available in the Bel Air (above) and "Two-Ten," two of three price-graduated series of cars offered by Chevrolet for '56. Engine choices include two more powerful V8's and one 6. The "Super Turbo-Fire V8" develops 205 h. p.

## Quick and Easy Shopper's Meal

Let's face it! This is the time of year the budget is apt to be pinched, and we may find that shopping takes longer than planned. But the family still has a hearty appetite and wants a good meal. A main dish that is a penny-saver, easy to fix, yet attractive and downright good eating is the answer.

Hot Tomato Juice  
DeLuxe Supper Casserole  
Buttered Lima and Green Beans  
Lettuce Salad  
Tropical Shortcake  
Milk  
Coffee

DeLuxe Supper Casserole  
8 slices bread  
2 tablespoons butter, or margarine  
1 cup canned luncheon meat, chicken, tuna, or salmon  
1 small onion  
1/4 lb. American cheese  
1 can (12 oz.) whole kernel corn  
3 eggs  
1/2 teaspoon salt  
2 cups milk

Spread bread with butter and cut each slice into about six strips. Arrange a layer in bottom of an 8 x 12 oiled baking dish. Cut meat (or break fish) into bite size pieces. Put a layer of meat, chopped onion, grated cheese and corn over bread. Repeat layers. Beat eggs and add salt and milk. Pour over mixture in baking dish. Bake in a moderate oven (350° F.) about 30 to 35 minutes. Serve at once. Six servings.  
Tropical Shortcake: Mix a pound can of drained fruit cocktail with a diced banana and a cup of sweetened whipped cream. Cut a can of date nut bread into 12 thin slices. For each serving put fruit mixture between two slices and heaped on top. Six servings.

## Which is Cleaner?

FLAME-TYPE

ELECTRIC

### RESULTS OF RECENT IMPARTIAL RESEARCH:

Engineers of the Colburn Laboratories, one of Chicago's leading independent research organizations, report: "We made comparisons of the amount of soil produced during use of 3 modern flame-type ovens and 3 modern electric ovens. Over 60 tests were made. More than a

thousand measurements of soil deposits were taken by precise photo-electric instruments. These readings showed the flame-type ovens deposited an average of twice as much greasy soil as did the electric ovens." (All of the ranges tested were top-name brands.)

The answer: Electric cooking keeps your kitchen twice as clean!

Your kitchen keeps that freshly decorated look a lot longer when you use a clean-cooking, modern electric range. But there are other reasons why you'll like electric cooking.

For example, did you know that nothing cooks faster than today's high-speed electric surface units? And temperature controls are so accurate you can keep mashed potatoes warm without fear of scorching them.

You'll love the way cakes rise high and how evenly they brown in your electric oven, too. Even prepared mixes turn out tasting moist and tender as homemade in a modern electric oven.

A fast, clean-cooking electric range is an extra-good buy right now. With our New Share-the-Cost Installation Plan, you save important money on installation ... and the modernized wiring makes your appliances work better. Get details from any appliance dealer.

New electric ranges low as \$2.16 a week, complete, installed!

SEE YOUR DEALER.

Mrs. William Hedegaard and Nancy attended the graduation exercises at Great Lakes Saturday in honor of Dick Hedegaard and called on him again Sunday.

Mrs. Harry McDougall is spending a few days in Chicago.

## Sec. Benson Tells Bakers Efficiency Keynote To Prosperity

"Efficiency and still more efficiency," on the farm and in the factory, is bringing about more freedom and better living conditions for all Americans, according to Secretary of Agriculture Ezra Taft Benson.

Speaking before the recent convention of the American Bakers Association in Atlantic City, N. J., the Secretary said that there is a "vast difference" between the average farm of today and the one he remembered as a youth.

"In the not too distant past, there was an enormous amount of hand labor involved in most occupations—in the factories and the food processing plants and on the farms," he said.

"Our enormous forward steps in technology have brought about a virtual revolution in the daily work and the daily living of all of us."

"Thirty years ago, each American farm worker produced enough food and fiber to provide for the needs of himself and seven other people. Today he turns out enough to take care of himself and 18 others. Moreover, today's farm worker provides his urban customers with more and better food than ever before in our history."

"Through the same 30 years, food production from an hour of labor on the farm has increased by some 140 per cent. Crop yields per acre are up by about one-third."

Discussing processing, distribution and other cost figures in the baking industry, Secretary Benson used a standard 20-slice loaf to illustrate his point. The loaf, with data he credited to the Grocery Manufacturers of America and the National Grange, broke down as follows:

7 slices for labor.  
1 slice for packaging and supplies.

1 slice for transportation.  
1 slice for taxes.

1 slice for profits to the miller, baker and retailer.

4 slices for the farmer, including production and labor costs.

5 slices for all other expenses.

"The baking industry has greatly improved the nation's nutritional standards with its enriched products," the Secretary said. "You were also the pioneers in the revolution which freed American housewives from so much kitchen drudgery. The baking industry was the first to offer what I like to call 'built-in-maid services'—beginning with bread and then with a wide variety of ready-to-serve products. This wonderful contribution to better and more pleasant living is beyond calculation."

Again emphasizing the need for efficiency, the Secretary told the bakers: "It has always seemed to me that efficiency and freedom go together. In those nations where the clock of individual liberty has been turned backward, output per man hour in both agriculture and industry is low. Without real incentive, production suffers."

# SOCIETY EVENTS

## Lyric Tenor, Pianist Entertain Woman's Club Next Monday

Larry Copithke, tenor, and Myrna Johnson, pianist, will entertain the Antioch Woman's club when it meets at 1:30 p. m. Monday, Nov. 7 at the Scout House.

A member of the Apollo Club, he plans to sing both lyric and dramatic numbers including two of Hope's "India's Love Lyrics" and O'Hara's "Give a Man a Horse He Can Ride."

His accompanist, Mrs. Johnson, has planned two groups of numbers which include Bach, Chopin, Brahms, Mendelssohn, Debussy and Carpenter. She has been a teacher at the Chicago Musical college and holds a Master of Music degree. While in New York, she played some solo programs on radio.

Hostesses for the afternoon to assist Mrs. Edward Jahneke, chairman, will be Mesdames Robert Berg, Norman Jedele, Alma Swanson, A. H. Kaufmann, Elmo Edwards, Norman Benson, Elroy Anderson and O. R. Kresse.

## Carol Jean Lessard and Forrest K. Bolton Wed In St. Peter's Service

Miss Carol Jean Lessard of Antioch, and Forrest K. Bolton of Lake Villa were married recently in a double ring ceremony at St. Peter's church.

The Rev. Alfred Henderson officiated.

The bride is the daughter of Mr. and Mrs. Harry Lessard of Hayward, Wis., and the bridegroom the son of Mr. and Mrs. Keith Bolton of Lake Villa.

The bride was given in marriage by her brother-in-law, Jack Mahoney. She wore a chantilly lace and tulle gown with ruffled skirt and lace jacket. Her fingertip veil was held by a coronation crown of lace embroidered with pearls and she carried a white orchid on a prayer book.

Mrs. Lavoid Crawford, the bride's sister, was matron of honor and bridesmaids were Miss Marlene and Miss Florence Bolton, sisters of the bridegroom. They wore turquoise gowns of net and lace over taffeta, fashioned with lace bodices and five tiered skirts.

Kenneth Rentner was best man and ushers were Donald Lessard, the bride's brother, and Lynn Bolton, brother of the bridegroom. Flower girl and ring bearer were Carol and Keith Bolton, niece and nephew of the bridegroom.

Following a reception at the El Rancho Pasadena in Antioch, the couple left for a honeymoon trip to Missouri, Indiana and Wisconsin.

## Lake Villa Holy Name Plans Dance for Nov. 12

The Holy Name Society of Peace Church in Lake Villa will sponsor a pre-Thanksgiving dance to be held in the Grayslake Legion Home on the evening of Saturday, Nov. 12. Friends and neighbors from Antioch, Lake Villa, Round Lake and Grayslake are invited to attend and enjoy an evening of fun and relaxation and get acquainted with their neighbors. Refreshments will be served.

## Channel Lake Club Will Meet Next Tuesday

The regular meeting of the Channel Lake Community club will be held at 8 p. m. Monday at the Channel Lake school. The sixth and seventh grade children under the direction of their teacher, Mrs. Muehle will provide the entertainment. Refreshments will be served following the program and meeting. The activity committee is planning a turkey dinner for Nov. 9 at the Channel Lake school. An all-out drive is being conducted by the club for new members. All residents of the community are invited to attend the meetings of the club which are held the first Monday of each month.

Mr. and Mrs. Eugene McDougall returned home Monday after flying TWA to Los Angeles, Calif., where they visited their daughter Betty Jean who is an airline hostess for TWA. From there they flew to New York, where they spent several days sightseeing before returning home.

Katherine F. Sackerson Fox entertained members of her family at an annual fall going away party at her Indian Point home last Sunday. Mrs. Fox plans to leave soon for St. Petersburg, Fla., where she will spend the winter. She has as house guest her cousin from Oslo, Norway, who will accompany her to Florida and spend the winter there, before going back to Norway. George and Olaf Mathisen and their families of Chicago were guests at the party.

A3/c Denno M. Freund, son of Mr. and Mrs. Peter Freund left October 18 for Osan-ni, Korea, where he will be stationed with the 30th Weather Squadron. Before leaving he was given a farewell party by friends at his home. Fifty-four guests were present.

Miss Iva Baldwin and Miss Ethel Seegret of Elgin spent Monday with Mrs. Ethel Runyard at her Channel Lake home.

## G. A. A. Initiates Twenty-six Wednesday

The Girls' Athletic Association of Antioch Township High School held their informal initiation for new members on Wednesday.

The picnic after school was held at the high school because of the weather. The evening was spent in playing volleyball, initiation and singing. The girls who were initiated as new members were: Jeanne Filiatreault, Arlene Rozek, Kathleen Burke, Jill Gaston, Janet Keisler, Lee Osmond, Mary Lou Geist, Karen Keulman, Joan Putnam, Elaine Christensen, Sandy Barnstable, Etta Mae Dalziel, Christine McNeil, Mary Shepard, Charlene Keulman, Judy Gustafson, Alice Stanton, Karen Van Patten, Kathy Sershan, Margie Nowicki, Joanne Haydon, Marilyn Paglusich, Judy Maleck, Sue Kopach, Ione Cribb, and Gloria Fleider. The party was enjoyed very much by both initiates and old members.

Team captains for volleyball were recently elected. They are Jill Camphausen, Shirley Cooney, Joan Forbrich, Judy Horton, Janet Rogers and Mary Tully.

The organization has already sponsored a skating party, held a play day for the district, attended a play day. Plans are being made for the formal candle light ceremony for the initiates and a skating party.

Officers for the year are: President, Donna Dittmer; vice president, Janice Kiehl; secretary, Mary Lou Seyfarth, and treasurer, Donna Reidel.

## Civil Defense I. D. Tags Now Available

John L. Horan, Civil Defense director of Antioch this week announced plans for making Official Defense Identification tags available to all children and adults in this community.

The identification tags are authorized by the Federal Civil Defense Administration and are an important safety measure for everyone, Horan said. They provide quick identification which would be helpful in case of accident, sudden illness or any emergency, including air attacks.

Each tag is permanently stamped with the wearer's name plus the name and address of the person to be notified in an emergency. The wearer's birth date and religious preference also are stamped on the smooth metal tag which is carried on a non-tarnishable chain.

Through special arrangements, instructions for ordering Official Civil Defense Identification tags may be obtained at Powles Grocery Store, Lake st., Antioch, Horan said.

He also reported that Civil Defense has tried to put this project into effect for three years but has been blocked by lack of personnel and funds. Recently, however, FCDA secured the help of a large food manufacturer in distributing official identification tags on a nation-wide, at-cost basis.

## Local Librarian Goes To State Association Meeting at Chicago

Mrs. Marian Harden, librarian at the Antioch Township Library went to Chicago Thursday, Oct. 27, and participated in the 59th annual meeting of the Illinois Library Association at the Sherman Hotel October 27, 28, and 29.

The theme of the conference was "Practical Problems in Librarianship" and it was attended by over 650 librarians and library trustees from all of the state of Illinois. Workshops, round table discussions and talks were held on the many aspects of improving library services.

At the luncheon for children's librarians, Mrs. Harden led a discussion on library assistance to Scout leaders and other organizations. It was decided to appoint a committee of children's librarians to compile a bibliography to assist group leaders in finding materials useful for programs, projects, handcrafts, and group study.

**Adult Welding Class**  
Farmers in the Central High School area (Salem) interested in learning to use gas and arc welding equipment are urged to report to the agriculture shop at the high school today at 8 p. m. The men attending will be assigned to various welders during the series of lessons. Work in the fundamentals of welding in each type will be covered during the twelve weeks the class will operate. Those interested will report in work clothing the first evening of instruction. There are no charges. Vernon O. Horne, local agriculture instructor is in charge.

**Ackerman Estate \$410,000**  
Charles N. Ackerman of Indian Point who died Oct. 22 at the age of 81, left an estate of \$400,000 in real estate and \$10,000 in personal property as was disclosed in his will filed in probate court this week at Waukegan. The estate was left to his widow, Lillian.

Ackerman was an inventor and a Chicago manufacturer. He converted low land west of Antioch into valuable property.

## Home Bureau Unites For District Meeting In Antioch Nov. 10

Lake County's 21 Home Bureau units will unite in three district meetings on November 8, 9 and 10.

The major lesson to be given at all three of the meetings will be on "Dressing for the Occasion" by Mrs. Helen Volk, Home Adviser. This lesson will be illustrated by Style Shows in which Home Bureau women will act as models.

Hein's and Dilger Florist, in Waukegan, MariAnne's in Antioch, and the Simplicity Pattern Company are all cooperating in supplying clothes and flowers for the Style Show.

Each unit is participating in the program by having a table of displays of handcraft, hobbies and gift suggestions. Members are looking forward to getting their copy of the 1956 yearbook from Mrs. Alvin Ringe, County Program chairman, who will distribute them at District meetings. Refreshments and social period will round-out these well planned meetings.

The November 8 meeting will be held at 8 p. m. at the Woodland school on Gages Lake road. Mrs. Delbert Hook, of Grayslake, is the general chairman, and the following units will participate at this meeting: American, Ben Port, Country-side, Gurnee Evening, Lake Region and Town and Country units.

At 1 p. m. on November 9, Mrs. Robert White will serve as chairman for the dessert luncheon and meeting to be held at the Gurnee Legion hall on rt. 63 just south of Grand ave. Beach Park, Diamond Lake, Fremont, Green Bay, Gurnee, Libertyville, Long Grove, Wadsworth, Waukegan and West Warren units will attend this meeting.

At 12:30 p. m. on November 10 a salad bar luncheon will be served by the units in the north and west parts of the county at the Antioch Methodist Church on Main st., north of the business district. Mrs. Melvin Johnson, Grayslake, is the general chairman, planning for the luncheon as well as the lesson and style show during the afternoon. Antioch, Avon, Millburn, Village Afternoon and Volo units will participate.

**Hear Reading Consultant**  
Mrs. Roma Hiatt, reading consultant for Scotts-Forman Publishing Co. for Illinois, met with Antioch Grade School teachers yesterday afternoon and discussed reading problems. She met with the lower grades at 1:20 p. m. and upper grade teachers joined them at 2:30 p. m. Pupils were dismissed for the meetings.

## H. S. Cheerleaders Attend Clinic for Leaders at Normal

The varsity cheerleaders of Antioch Township High School attended the state cheerleader clinic held at Illinois State Normal University, Normal, Ill., on Saturday, Oct. 29. The clinic was organized by a staff of three who sponsor summer camps for cheerleaders and also sponsor clinics for cheerleaders all over the nation.

Some of the topics covered at this clinic are: Technique, tumbling stunts, chants, routines and mass yells. Movies were taken of the squads who performed on stage. The cheerleaders from Antioch had the honor of performing this year

on stage. The cheerleaders were guests of the university for a football game in the afternoon. The girls who were in attendance at this clinic were: Jackie Martin,

Sue Wolfenbarger, Carole Hansen, Rosalie Morris, Elaine Christensen, Donna Reidel and Janet Rogers. Miss Donovan, cheerleader advisor, accompanied the girls.

Meyer Mink Ranch won two from Ross & Wells.

Wisconsin Milling took two from National Foods.

Imperial Products beat El Jay Fur Farm all three games.

## Traditional Halloween Parade

Youngsters of Antioch Grade School shown in the Annual Halloween Party Parade held Monday afternoon. The line of march led from the Grade school to Main and Park and back to the Grade school, where judging of costumes, awarding of prizes, and a movie and treats completed the party.

Begin more than twenty-five years ago under the joint sponsorship of the late H. B. Gaston, publisher of the Antioch News, and Fred Swanson, owner of the Antioch Theatre, the party has been widely copied in other cities of the Midwest.

Growth of enrollment at Antioch Grade school caused a move to the Grade school gym several years ago and the party is now sponsored by the Antioch News and the Antioch Grade school.

At left are Mrs. H. B. Gaston, publisher of the Antioch News, who acted as mistress of ceremonies, with "Chipper" Tanner, first grade, son of Mr. and Mrs. Louis Tanner, who won the grand prize for boys with a "jack-in-the-box" costume, and Nancy Lemke, third grade, daughter of Mr. and Mrs. Wm. Lemke, who took first honors for girls with a costume representing a basket of autumn leaves.

## Bowmen Bag Two Deer at Iron Mt.

The 85-lb. deer shown above was brought down by a 45-yard shot last week-end by Monte Miller, owner of Miller's Laundromat, Antioch. Miller, who is fast becoming known as one of the foremost bowmen of the middle west, killed the deer with a single shot near Iron Mountain, Mich., where he had gone in company with other enthusiasts of the bow and arrow, for the week-end. Vincent Adams, McHenry, also killed a deer with a single shot. The two deer bagged were the only shots attempted. With them were Joan and Kenneth Hamm of Fox Lake. Mr. Hamm had already killed his deer on a previous trip and was hunting for bear, but none were sighted. Shown with the deer is Vicki, small daughter of the Millers.

B. & W Fur Foods won two games from Imperial Mink Ranch. Meyer Mink Ranch won two from Ross & Wells.

Wisconsin Milling took two from National Foods.

Imperial Products beat El Jay Fur Farm all three games.

## Mother of Mrs. Petty Dies

Mrs. E. M. Murphy, Villa Grove, Ill., mother of Mrs. W. C. Petty passed away Wednesday, Nov. 2 at 2 p. m., at her home after a lingering illness. No other details are available at this time.

## Daniel Longman, 88, Dies After Lingerig Illness, Funeral Mon.

Daniel Longman, 88, Trevor, Wis., died Sunday at 11:30 p. m. at Michaels Manor Rest Home, after a lingering illness. Mr. Longman was born January 31, 1867 at Trevor, and lived there all of his life with the exception of six years spent at Chetek, Wis.

He was married to the former Belle Drury, (October 2, 1892 at Antioch. He was a retired farmer.

Survivors are his wife Belle, a son, Russell of Trevor, and four daughters, Mrs. Vida Sheen, Trevor, Mrs. Florence Lindblade, Chetek, Mrs. Pearl Hartnell and Mrs. Bernice Mason, both of Milwaukee, and Mrs. James Neff of Wadsworth, ten grandchildren and 21 great grandchildren.

Funeral services were held at 2 p. m. Wednesday at the Strang funeral home with the Rev. Robert Smith of Salem officiating. Interment was in Liberty cemetery.

## Gerald Strietzel, 38, Buried at Rolla, N. D.

Gerald Strietzel, 38, Petite Lake, died Sunday at 4:45 a. m. at Victory Memorial hospital after three weeks of illness. He was born Jan. 11, 1917, at Rolla, North Dakota, and for the past fourteen years had lived at Petite Lake, Antioch.

He was a member of Local 93 American Federation of Labor of Deepfreeze Corporation of Chicago, and was employed as maintenance plumber at the Deepfreeze corporation.

Survivors are a son, Jerry, and three daughters, Jean, Joanne and Jerrylyn, all of Burbank, Calif., his father, Fred Strietzel of St. John, N. Dak., and three sisters, Mrs. Harvey Tallman, New Auburn, Wis., Mrs. Louis Guderjahn and Mrs. Victor Guderjahn, both of Rolla, N. Dak.; four brothers, Clayton, Olympia, Wash., Lester, Portland, Ore., Raymond, Rapid City, S. Dak., and Lyman of Williston, N. Dak.

Funeral services were held at 4 p. m. Monday at the Strang Funeral home with the Rev. Kenneth Plummer of Lake Villa Community church officiating. Interment was in Rolla cemetery at Rolla, N. Dak.

Railway Movement Specialist Fort Eustis, Va.—Sergeant First Class George J. Skalak, son of Mrs. Dorothy Hartnell, Route 2, Antioch, Ill., is a railway movement specialist in Headquarters Company of the 714th Transportation Battalion at Fort Eustis, Va.

Sergeant Skalak entered the Army in March 1949 and completed basic training at Camp Chaffee, Arkansas. He is a former student at Antioch Township High school.

## Auxiliary News

### Membership

"Membership in the American Legion Auxiliary was close to the one-million mark in 1955, and we expect to do our part to top that record in 1956," said Mrs. Corrine Carlucci, local membership chairman, in calling on potential new members and collecting dues of for-members, in Antioch. The local unit last year boasted a membership of 124 and hopes this year to top their quota which is 128, by at least 10 per cent.

The Department membership theme, this year, "We belong because we remember" is a true statement of what Auxiliary membership means. The active program of service work to the Veteran Hospital patient; the child welfare activities and many other programs of the auxiliary make for an interesting membership. It is a privilege not accorded to all, to be able to belong to the American Legion Auxiliary. All those who are eligible should "remember and belong."

### Contributions

At the business meeting of the Unit, held Friday, Oct. 28, contributions were voted for the Child Welfare program and to the "Christmas on the High Seas" program of the Red Cross, Lake County Chapter.

### Next Regular Meeting

Antioch Unit will hold its next meeting at 8 p. m., Friday, Nov. 11, in the Legion Home. Mrs. Mary Ellis is chairman of the evening refreshment committee.

### Jay Cribb Soloist at

### ATHS Band Concert

On Thursday, Nov. 17

Featured soloist at the coming concert by the Antioch Township High School Concert Band will be cornetist Jay Cribb. The concert will be held in the High School auditorium on Thursday evening, Nov. 17, at 8:00 p. m.

Jay will play the very beautiful and difficult "La Mandolinata" by Bellstedt. He will be accompanied by Lenore McCord.

Also featured as a special number will be a trombone trio composed of Olmer Oelkers, Joan Burton, and James Oilschlager. They will play "Trombrero" by Coffield, and will be accompanied by the band. Opening the program will be "Bugler's Holiday," featuring the entire cornet and trumpet section of the band. Other music will be in a variety of styles from classic to many of the best new 1955 publications.

The public is cordially invited to attend. Tickets are available from band members.

### To Celebrate Anniversary

The Antioch assembly of Order of Rainbow for Girls will celebrate its anniversary Saturday evening, Nov. 26 with Mrs. Mart Abt, Bellevue, Ill., supreme inspector as its guest.

**ONLY IN THE '56 FORD...**

**THUNDERBIRD POWER,**

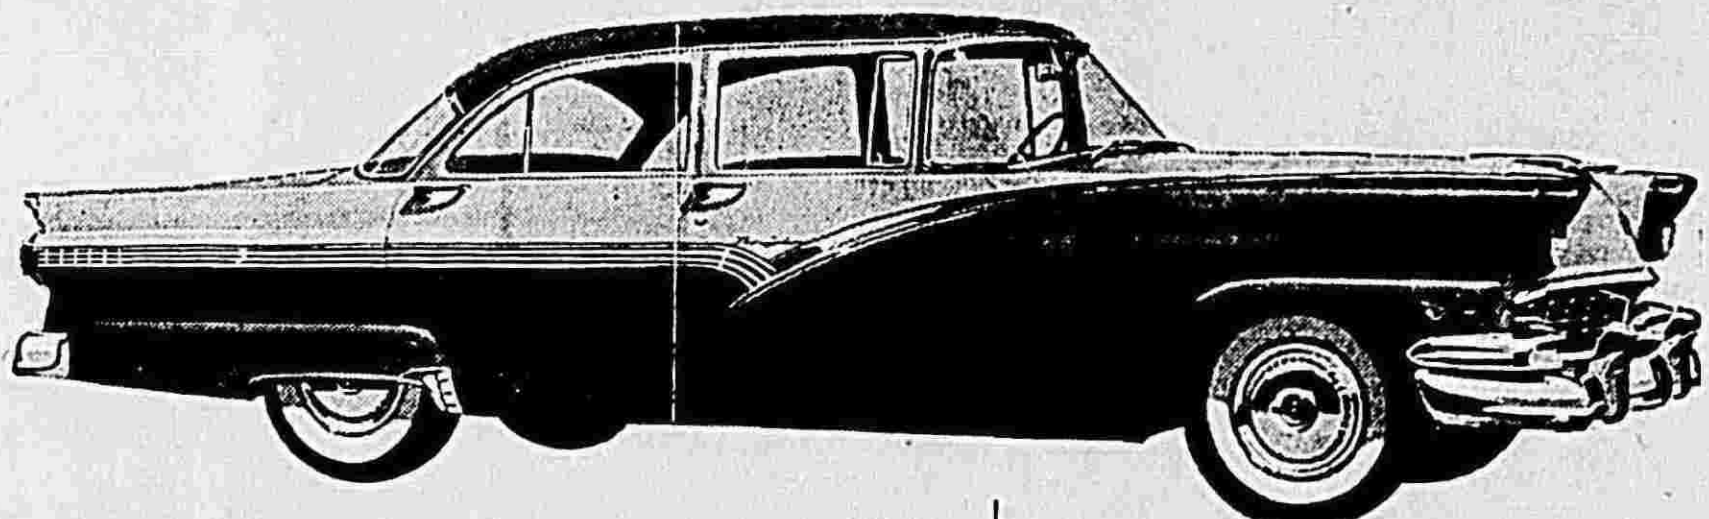

**THUNDERBIRD STYLING**

**and LIFEGUARD DESIGN**

In the low-price field

**You can't buy safer!**

And here's why. Ford alone brings you Lifeguard Design, a whole new family of safety features to give you extra protection in case of accident. There's a new Lifeguard deep-center steering wheel to help cushion the driver from the steering post; ★ new Lifeguard double-grip door latches to reduce the danger of doors springing open under impact; ★ new double-swivel Lifeguard mirror that "gives" for greater safety; ★ new optional Lifeguard padding material to cushion control panel and sun visors and lessen shock of impact; ★ optional floor-anchored seat belts to help hold passengers securely in their seats.

In any class

**You can't buy better!**

The '56 Ford inherited its beauty from the Thunderbird. It's long and low—a fine car in every graceful line. And you can have the Thunderbird's "lightning," too, at no extra cost for the new Thunderbird Y-8 engine is the standard eight in all Fairlane and Station Wagon models! Here's power that gives you split-second passing ability and hill-climbing "Go." Come in for your Test Drive... today! You're sure to find many more reasons why you can't buy better than when you buy Ford. New luxury interiors... fine exterior finishes... a quality "feel" throughout... all add up to make this 1956 Ford the fine car at half the fine-car price.

It's the fine car at

half the fine-car price!

## Building Boom Of Roaring '20's Biggest of All

MINNEAPOLIS—So you think the present residential building boom is the greatest in our history? Better take a good look at the roaring twenties, suggests the family economics bureau of Northwestern National Life Insurance company.

If 1955 fulfills predictions it will see construction started approximately 1,300,000 non-farm dwelling units by the end of the year. That is a rate of 36 new residential units for each thousand non-farm families, based on current census bureau estimates of 36½ million such families in our 1955 population.

But back in 1925, when there were approximately 20 million non-farm families in the U.S., 937,000 non-farm dwelling units were started. This was 47 new units for each thousand families—a record which still stands as the all-time peak of residential building activity in the U.S. history.

A dollar built as much in 1925 as \$2.60 builds today. Adjusted to this rise in prices, the physical residential volume of 1925 would cost \$14,299,000,000 in 1955. That is almost a match in sheer physical volume of residential construction for our estimated 1955 volume—but built by a population of 20 million families, compared with 36½ million families of 1955.

## Dietetic Foods Use Farm Products

STOCKTON, Calif.—The new low-calorie food industry is providing the nation's farmers an "insurance policy" against diet-inspired reduction in food buying, says Tillie Lewis, founder and president of Flotill Products, Inc.

Starvation diets no longer hold a threat to incomes of fruit and vegetable growers, Mrs. Lewis says, pointing out that the sales of dietetic foods will top \$100,000,000 this year, compared to \$25,000,000 only four years ago. Fruits and vegetables have formed a large percentage of these sales since new developments in no-calorie sweeteners made processed fruits just as sweet and tasty as their high-calorie counterparts, she said.

"The market for low-calorie food is tremendous," Mrs. Lewis declares. "More than half of the families in America have at least one member with a weight or diet problem."

"Until recently this has resulted in tremendous losses of potential sales for fruit and vegetable growers and processors as dieters starved themselves or carried home 'funny foods for fat diets' in their market baskets."

Pronghorn Antelope Has Made Comeback  
WASHINGTON—The nimble pronghorn antelope, fastest animal in North America, has won its race against extinction.

Called the prairie phantom because it is so elusive, the thin-legged creature has returned in such force it is commonly seen from highways in the West.

Its future now seems assured, thanks to careful game management and strict hunting laws.

Estimates of antelopes between the Mississippi River and the Pacific Ocean before the advent of Europeans range up to 100 million head. But hunting depleted their ranks until they neared oblivion in 1908 when only 20,000 were left in the United States. In Wyoming, heart of antelope land, only 5,000 remained.

Wyoming took action and outlawed hunting for several years. Antelope bounded back until it was safe to allow a limited hunting season. In 1948, some 65,000 head were counted on Wyoming prairies and there were approximately 350,000 in the United States as a whole.

Money Lost Years Ago Worth Much More Now  
LONDON—Archibald Boseley, 59, made 2,600 pounds by losing his money in 1939.

Boseley said he bought \$20,750 in American dollars as a speculation in 1939, but lost his roll on the way to the bank when the British Treasury called in all foreign currency.

Recently, Boseley, said, he received a typewritten envelope through the mail containing the identical bills. He turned the envelope over to police and figured that the bills which cost him 6,400 pounds in 1939 now are worth more than 9,000 pounds.

Buy Him Boots

MINOT, N.D.—Three-year-old Bruce Olsen fell into a cistern. Just above water level, he grabbed onto a pipe and called until his cries brought someone to the rescue.

He wasn't injured, but Bruce confided to his mother that he was terribly upset. He'd lost his cowboy boots in the ordeal.

"We'll buy him another pair," said Mrs. Harlan Olsen.

## Husbands Bad Teachers Of Automobile Driving

Boston:—Gals, an expert now confirms what you've known all along, husbands are lousy teachers of auto driving.

This conclusion, in the interest of family harmony, was reached by Alfred L. Moseley, consulting psychologist for the American Mutual Liability Insurance company, after exhaustive studies of driver training methods based on tape recordings of actual driving lessons. He found:

Untrained husbands do not realize that the training auto must be under control at all times, difficult even with dual controls. They are full of advice, but do not give specific directions in time for a wife to respond.

Husbands assume wives know more about driving than they do as beginners. They allow their wives to drive too fast while learning. They don't show their wives; they just tell them how.

Husband do not know all the things that should be taught to make a safe and skillful driver. Nor do they give enough instruction, before switching on the ignition, on mechanical functions, principles of force, recognizing hazardous situations and the like.

The safest answer, concluded Moseley, is to send the little lady to the nearest qualified driver-training school—it will save time and effort, make her a better driver and avoid innumerable family squabbles.

Mr. and Mrs. Earl Pitman left Antioch Monday for Riviera Beach, Fla., where they plan to spend the winter.

## Card of Thanks

I wish to thank my friends for their lovely cards and the kindnesses extended to me during my recent illness at the Community Memorial General hospital at La Grange.

## Easy Lunchbox Lesson

One of the most convenient products to keep on your canned foods shelf is Florida grapefruit sections. They make a wonderfully tart salad, tossed with greens and French dressing. They extend seasonal fresh fruits in salads and fruit cups and desserts. They go to work or to school in a sensible lunchbox, spooned into a paper cup for easy eating (if you've a teen-age daughter watching her weight, or a spouse bent on losing his paunch, they'll love you for substituting this for a rich dessert).

## FIRE HAZARDS FROM YOUR FURNACE— HOW TO PREVENT THEM

- Faulty and dirty heating equipment. Have your heating equipment checked, cleaned and repaired each year by a qualified service man.
- Sooty and poorly maintained chimney. Have a cracked and faulty chimney repaired at once. Have chimney cleaned periodically as needed.
- Hot ashes and coals. Keep in covered metal container.
- Oil leaking on floor. Shut off power switch for furnace. Report leaking oil at once to your oil burner service man.
- Trash accumulation. Always keep the area near the furnace free from combustible materials. If it is absolutely necessary to store gasoline, turpentine or other flammable liquids, keep them in safe containers and out of the cellar.

## Trappists Put Famous Bread on Commercial Market

BERRYVILLE, Va.—Trappist monks at the Holy Cross Monastery here have put their famous bread on the commercial market in the suburbs of Washington, D.C. 60 miles away.

Called the "Monk's Own Loaf," the bread forms one of the staple parts of their meatless diet. It is dark, firm bread made of whole-wheat flour, honey, nonfat dry milk solids, butter, white flour, yeast, sugar, salt, shortening and soy flour.

Brother Kevin, baker for the Monastery, uses three per cent soy flour in the bread formula. Soy flour is 40 to 50 per cent protein, so the bread supplies protein which the monks miss in their meatless diet.

Wrapper on the bread shows clerical wit and whimsy. Small figures of monks are shown hoeing in the fields, running with shocks of wheat, milling flour, milking cows, pumping water, kneading bread, baking and eating.

Bread is only one of the many things they make for themselves. As members of the Cistercian Order, they attempt to be economically self-sufficient and to produce within their cloister as many of their needs as possible.

The Cistercian Order traces its founding back to Saint Benedict in the Sixth Century, although it went through a reformation in the Eleventh Century.

The modern commercial bread program, still on a very small scale, was fostered by a retired physician who discovered that the bread was for sale. His enthusiasm among his friends was the major "sales force."

## Colorado Toad Shoots His Poison

LOS ANGELES—A giant toad, which can squirt its deadly poison a distance of 12 feet and devours rats and mice, is being studied by zoologists of the University of California.

The amphibian is known as the Colorado River toad because it is native to the Colorado basin in Arizona and California. It is being put through its paces in a laboratory aquarium so that more can be learned of its little-known habits.

The Colorado River toad grows to a length of nearly a foot (when fully outstretched). Only the marine toad of South America is larger.

The animal has glands on the back of its head which are a prolific source of potent poison. With a little prodding, it can squirt its poison some distance.

The toad apparently releases the poison in the animal's mouth after it has been picked up, causing the animal to spit it out. The poison is deadly when ingested.

## Today's Forgotten Man Is Diet-Restricted

CHICAGO—Who is today's "forgotten man?" Dr. B. W. Bauer, editor of Today's Health, says it is the diet-restricted restaurant customer.

Dr. Bauer says the average restaurant doesn't offer much for the man who "must stick to carefully selected diets with restrictions on salt, meat, sweets, fats or starchy foods."

A mere change in menu, he says, will enable the restaurateur to satisfy the growing number of diet-restricted customers and still make a good profit.

He suggests addition of fresh or sugarless canned fruit and skimmed milk to the menu for diabetics and those watching their weight. A note might be added to the menu saying that artificial sweeteners and non-sodium "salt" will be supplied on request, he added.

Persons with gout must avoid meats, therefore, fish, poultry, eggs, cheeses, and pancakes or waffles "make them happy," Dr. Bauer said.

## Taste for Taxi Rides Brings Downfall

FARGO, N.D.—A taste for taxi rides brought the arrest of two brothers on charges of theft from several churches and business places.

Police said the two admitted taking more than \$100 in cash, checks and other property. They were arrested after police received a tip that the pair was riding "too many" taxis around town for boys only 9 and 11 years old.

Their mother said she thought they were in their respective fourth- and sixth-grade classes.

## Runaway Truck

ADRIAN, Mich.—Kenneth Deermeyer was ready to load his truck when he found it gone.

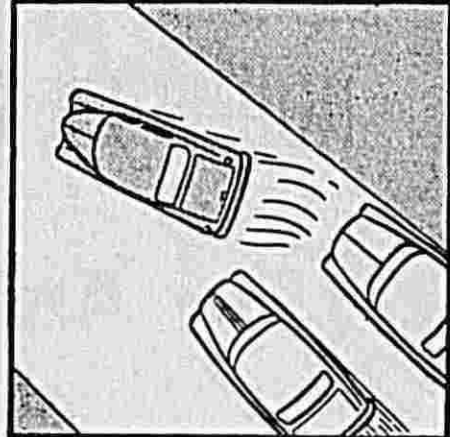

It had rolled out of the garage and traveled 200 feet across the street, jumped a curb, smashed through a fence, tore up two trees, plunged over a bank and stopped against a concrete abutment inches from the River Raisin.

## Tips on Traffic Safety

By  
CHARLES F. CARPENTIER  
Secretary of State

Mental distractions are responsible for many of our highway accidents. When behind the steering wheel, a motorist should give undivided attention to the task of driving. That quarrel with the wife or husband should be forgotten. Troubles at the office should be driven from the mind of a motorist while operating a vehicle.

The fraction of a second that it takes to get the mind off a personal problem and to face a sudden crisis on the highway may easily cost a life. Emergency decisions come up almost every day in the life of a motorist. A driver must ever be on the alert for the motorist who will suddenly cut in front of his vehicle while making a right turn from the second lane . . . for the

driver who pulls away from the curb without looking . . . for the impatient, inconsiderate motorist who makes a left turn without waiting for an adequate opening.

Don't let your mind wander when driving. The operation of a vehicle demands full attention of the driver. Day-dreaming at the wheel may cost you your life.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Now that we have entered the fall season, drivers must be on the alert for certain hazardous conditions. Last week we discussed the longer hours of darkness which we have at this time of the year.

Fall weather sometimes brings freezing rains which can easily result in an accident if the driver is not cautious when such a condition exists. Do not travel at the maximum speed allowed because it is "legal." Speed limits are posted for ideal road conditions. The motorist must use common sense in determining a safe speed when driving during or immediately follow-

ing a freezing rain which may cause unexpected skidding.

Also, watch for patches of wet leaves which may be on the highway. These patches, however small, make driving hazardous.

Now is the time of year to have your car conditioned for winter. Besides having your radiator, transmission, differential and crank case attended to, also have the battery, steering column and brakes checked. And make sure that your tires are not worn thin. If they are in such a condition they will not give you the necessary protection on icy roads.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

As the winter season nears its official opening, the hours of daylight continue to be shortened. As the hours of darkness increase, so do the hazards of nighttime driving.

Statistics show that on a "mileage" basis there are more highway fatalities during the winter (when there are more hours of darkness) than during the summer. Figures also reveal that on a "mileage" basis there are approximately three times as many highway deaths during the hours of darkness than there are during daylight hours. Although there are fewer miles driven during the hours of darkness, three out of every five fatal accidents occur after dark.

There are ways to help cut down on the number of deaths after dark. For one thing, take proper care of your headlights as an improperly directed headlight may blind the driver of an oncoming vehicle and is of little use to you. Make sure that your speed at night is reasonable and safe and that you do not "overdrive" your lights.

Pedestrians can help the driver, too. Whenever possible, pedestrians should cross streets only at crosswalks where they are protected by stop signs or signals. They should also walk well to the left of the road, facing the oncoming traffic, when there are no sidewalks.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

## Millburn

Mrs. Corena Edwards, Correspondent  
Phone Eliot 6-3323

Regular services at Millburn Congregational church Nov. 6 include Sunday School at 9:45 a. m. and church services at 11 a. m.

The annual chicken dinner and bazaar will be held at Millburn church Friday, Nov. 4. The various booths of fancy work, aprons, rugs, bake sale, candy, Christmas decorations and novelties, grab bag and surprise package booth will be in the Masonic hall at 2 p. m. and the ladies will start serving the dinner at 5 p. m.

The Study Group met at the home of Mrs. C. P. Weber last Thursday morning. The next meeting will be guest day and will be held at the church Thursday morning, Nov. 10.

Baptismal services were held for Joan Elizabeth Bauman, daughter of Mr. and Mrs. Milton at the Sunday morning service at the church.

Mr. and Mrs. Harley Clark and son John spent the week end at the Raymond Hauser home at Stephenson, Mich.

Miss Josie Mann who has been a patient at a Waukegan hospital, returned home last Wednesday.

Dinner guests at the Roy Bonner home on Sunday were Mr. and Mrs. William Bonner of Gurnee, Mr. and Mrs. Robert Bonner of Kansasville, Wis., Dr. and Mrs. Harold Bonner of Walworth, Wis., Mrs. Charles McDermott of Madison, Wis., and her son Roger McDermott of Great Lakes, and Mrs. Robert McCulloch of Madison, in honor of William Bonner's 75th birthday.

Mrs. Myrtle Savage is quite ill at her home.

The Rev. and Mrs. L. H. Messersmith, Mrs. Anna Bauman, Mr. and Mrs. Earl Kane, Jr., and three children of Diamond Lake and Mr. and Mrs. Frank DeYoung were Sunday dinner guests at the Milton Bauman home.

Mr. and Mrs. Ora Brandenburg, Jr., of Norfolk, Va., and Mr. and Mrs. Glen Cain of Waukegan were

luncheon guests of Mr. and Mrs. Joseph Strohal Wednesday.

Mr. and Mrs. Oscar Neahous spent Sunday at the home of Mr. and Mrs. Jack Neahous at Russell.

The Rev. and Mrs. L. H. Messersmith, Mrs. C. P. Weber, Mrs. Carl Anderson and Mrs. W. C. Upton attended the Plymouth Place bazaar at LaGrange Friday evening.

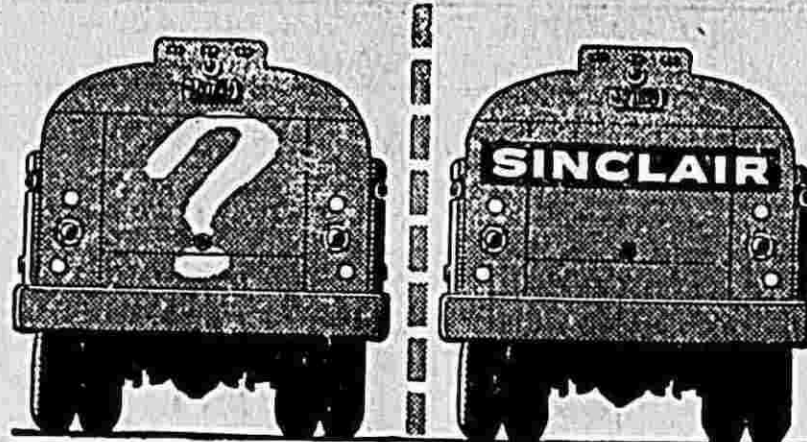

The Pilgrim Fellowship and high school Sunday School class held a Halloween party at the church Sunday evening.

Herbert Graham attended the wedding of his sister at Spooner, Wis., over the week end.

About sixty children attended the Halloween party on Monday evening sponsored by the Men's club. The party was held in the church recreation room.

## Planarians Give New Clues to Early Migrations

WASHINGTON—A worm, among earth's most primitive animals, may provide clues to ancient inter-continental migrations. It is one of four hitherto unknown species of freshwater planarians collected in Alaska by Dr. Roman Kenk, a foremost authority on these fantastic creatures.

Some of these four species are quite similar to planarians now found in Siberia. They are unlike any known elsewhere in North America. Their presence in Alaska, Dr. Kenk holds, provides additional evidence of the existence of an ice-age land bridge between Asia and North America and of the fact that during the ice ages, when glaciers covered most of the northern half of this continent, most of Alaska was ice free.

Planarians, although familiar animals in biological laboratories, are very little known in nature. They are among the most fantastic of all animals, sometimes described as "gliding patches of slimy skin" without a body cavity, able to break up at will into scores of pieces each of which regenerates into a new worm. They overpower their prey by wrapping their slimy bodies around it. They predigest it outside the body by projecting the pharynx, a part of the alimentary tract and secreting some digestive material.

## Sun Among Million Variable Stars

WASHINGTON—The sun is one of the millions of variable stars in the galaxy of the Milky Way.

Its radiation, upon which depends all life on earth, waxes and wanes over a period of approximately 273 months. This period has been found repeating itself for almost half a century in observations of the Smithsonian Institute's Astrophysical Observatory, made with extremely delicate instruments on high, dry mountaintops in both hemispheres.

It is relatively simple to observe from the earth fluctuations in the radiation of other stars. The sun is quite different. All stars around it are blotted out in the daytime. Its fluctuations are relatively small, seldom exceed 2 per cent. Variations due to transmission through the atmosphere, rather than to anything intrinsic in the sun itself, may exceed this figure. But an observer on the moon, which has no atmosphere, probably would have no hesitation in pronouncing the sun a "variable."

## Life Expectancy Now At an All-Time High

NEW YORK—Average length of life among America's wage-earners and their families has reached an all-time high just short of the Biblical three score and ten.

An expectation of life and birth of 69.8 years was reported by the Metropolitan Life Insurance Company for its millions of industrial policyholders, based on mortality conditions prevailing in 1954. This figure represents a gain of almost a full year over that for 1953.

The expectation of life at birth among these insured persons has been rising steadily throughout the past three-quarters of a century, and has more than doubled during that time. Based on mortality in 1879-1889, the average lifetime was only 34 years.

Since 1944, according to the company's statisticians, the rise in expectation of life among these insured people has amounted to 4.2 years at age 5, 3.5 years at age 25, and 2.6 years at age 45. Although during the decade only 1.8 years have been added to the average lifetime remaining at age 65, those at this age now have a life expectancy of 14.1 years.

## Greenlease Bills Back in Circulation

QUINCY, Ill.—A Quincy housewife has found the 13th bill to be recovered from the missing Greenlease ransom money, the F.B.I. says.

The \$20 bill was discovered by Mrs. Fred Gehring when she decided to check her household money against the serial number of the ransom bills printed in a newspaper.

Earlier, a \$20 bill turned up at Jacksonville, Fla., and 11 others cropped up in the past few weeks at Chicago, St. Louis, Salt Lake City, and Minot, N.D.

A hoard of \$307,720 from a \$600,000 ransom has been missing since Bobby Greenlease was kidnapped and slain in 1953.

## Tongue Twister

SANTAFE, N.M.—The TCFMRA-ETPOPRRTOOMV is now in business in New Mexico.

Full name of the agency is: "The Commission for Making Reciprocal Agreements and Extending the Privilege of Proportional Registration Relating to Operation of Motor Vehicles."

Governor John Simms is chairman of the commission.

## Sturdier Grille on Chevrolet

Design changes at the front of the Chevrolet have inspired a sturdier, sleeker appearance in 1956 models. Grille, bumpers and guards, headlamps and ornamentation are of a form that blends well with the over-all beauty of 19 new body styles.

## YOU CAN HELP TAKE THE GUESS-WORK OUT OF DRIVING

Driving becomes more difficult when other drivers have to guess what you are up to. That is why you should always give proper signals for turns and stops — give them in time to allow other drivers to act safely. You can help prevent needless accidents when you automatically show highway courtesy, letting the other fellow know what you are going to do.

## Mrs. Wallace Gann Captain for Drive in Antioch Nov. 13-23

The Retarded Children's Educational Society of Lake county has engaged Miss Birgit Gille, a teacher from Chicago, to instruct classes for children in the Libertyville area who are mentally retarded, according to a statement by Mrs. Frank Bunton, educational chairman for the society.

Any parents who are interested in getting their retarded children in school may phone Mrs. Bunton, Waukegan, (Majestic 3-4896) for an appointment to have their children screened.

Alterations, including an outside exit door and installation of cupboards and a cloakroom facilities, must be made before classes begin in November in a room offered by the school board in the old high school building in Libertyville.

A local fund drive will be held during National Retarded Children's week, Nov. 13 to the 23rd, with tag days on Friday and Saturday, Nov. 18 and 19. The goal set for the Lake County drive is \$20,000, to meet the 1955-56 budget. Mrs. Wallace Gann is serving as captain for the drive in Antioch.

A kick-off meeting for the drive is planned for Monday evening, Nov. 7, in Eagles hall, Waukegan, at 8 o'clock. Judge Minard Hulise is honorary chairman for the Lake County drive, and attending the meeting will be executive officers, committee members, and captains from all over the county who will assist in the campaign for funds.

## Antioch Beats Palatine..

(Continued from page 1)  
the power was released. The visitors scored on a 16-yard pass from John Dilks to Dave Cornwell.

Don Schroeder scored the first of two touchdowns for Antioch in the second quarter on a 29-yard run which tied the score and Frank Walsh kicked goal for a leading point.

**13 to Six at Half Time**  
A touchdown pass from Reckers to Bill Layton was nullified by a penalty, but a little later Reckers fired an 8-yard pass to Walsh and this time it was allowed, giving Antioch a 13-6 halftime score.

The Sequoits resumed their scoring in the second half in a 49-yard drive which saw Layton crashing over from the 2-yard-line. A 32-yard pass from Reckers to Sid Parker set up the stage for this score. Walsh converted and made the score 20-6.

Schroeder scored from the 13-yard line and Lonnie Christensen took a short pass from Reckers in the fourth quarter and with one conversion brought Antioch's total to 32. Palatine's final touchdown also came in this quarter with Jim Hess scoring from the 8-yard line.

Jim Scully played an outstanding game for Antioch. Besides interception of two Palatine passes he

gained much yardage on punt returns. His total on the pass interceptions, three kickoff returns, and two punt returns totaled 200 yards.

**Sophs Lose to Palatine 42-6**  
While taking a 42-6 beating, Antioch underclassmen were able to make a better offensive showing against the Palatine Sophomores than any other team in the conference. The Sequoit Sophomores were the second team to score against Palatine and the first to gain much yardage against them.

Palatine underclassmen have not been defeated this year. Antioch gained 200 yards and from reports the other teams were held to below 100 yards.

Palatine scored two touchdowns in the first quarter, one in the second and third quarters, and two in the fourth quarter. Antioch's only TD was scored in the second quarter using a play around right end with Roger Lang carrying the ball.

**Frosh Lose to Pirates 23-6**  
The Antioch freshmen lost to the Palatine freshmen there Monday, 26-6. Richard Behrens, fullback, made the only Antioch touchdown when he ran 80 yards on a direct handoff between left tackle and left end. He was aided by two key blocks by Chris Davis, guard, and Tom Milowski, tackle, then outran three defenders.

Palatine scored a safety in the opening kickoff when the quarterback was tackled in his own end zone. Her remaining touchdown was made from a single wing formation through passing.

## LEGAL NOTICE

LEGAL  
STATE OF ILLINOIS ) ss.  
COUNTY OF LAKE )  
IN THE CIRCUIT COURT OF  
LAKE COUNTY  
DARLENE E. BRIADDY, )  
Plaintiff )  
vs. )  
THOMAS R. BRIADDY )  
Defendant )

**PUBLICATION NOTICE**  
Affidavit showing that the defendant, THOMAS R. BRIADDY has gone out of this State and on due inquiry is a non-resident of the State of Illinois and on due inquiry his residence cannot be ascertained so that process cannot be served on said defendant, having been filed in the office of the Clerk of this Court, NOTICE IS THEREFORE hereby given to said THOMAS R. BRIADDY that the plaintiff in the above entitled cause filed her praecipe for summons in her suit for divorce on the 20th day of October 1955; that summons was duly issued out of the said Court against you as provided by law and that said suit is still pending.

NOW THEREFORE BE ADVISED that complaint for divorce shall be filed against you within the 10 day period following the expiration of the 60 days from the last date of publication of this notice.

NOW THEREFORE unless you, THOMAS R. BRIADDY the said defendant file your appearance in said action on or before the first Monday in the month of January 1956 which date is January 2nd,

1956 and file an answer to the complaint in said suit as provided by law, a default may be entered against you at any time after that date and a Decree entered in accordance with the prayer of said complaint.

L. J. WILMOT  
Clerk of Circuit Court  
of Lake County.  
Clinton O. Thompson  
Attorney for Plaintiff  
Antioch, Illinois  
Telephone No. Antioch 8039.  
(Oct. 27, Nov. 3-10, 1955.)

Try Something Terrific Today!

The Fabulous '56 Pontiac

Introducing a Big and Vital  
General Motors "Automotive First!"

## THE ALL-TIME SUMMIT FOR GLAMOUR AND GO!

You'll discover you've entered a joyous new era of motoring when the lure of Pontiac's glamorous new style-of-tomorrow gets you behind the wheel.

Performance is so incredibly agile, so amazingly responsive that if it weren't for Pontiac's long wheelbase, size and comfort, you'd swear you were driving a new advance in sports cars.

Touch the accelerator, feather light, and that great General Motors "First"—silken-smooth Strato-Flight Hydra-Matic—teams up with Pontiac's wholly new 227-horsepower Strato-Streak V-8 engine to unleash the greatest "go" on wheels!

Pick yourself a hill and feel it disappear right under your wheels. Merely decide to pass that car ahead—and you've done it! Here's performance that's surely destined to "pull the props" from under well-established record holders.

But performance is only part of the fabulous Pontiac story for '56. Everything about it brings a thrill!

There's a new ride, new handling ease, new luxury interiors, and the greatest safety ever engineered into an automobile.

A new Strato-Flight Hydra-Matic—coupled with Pontiac's 227-H.P. Strato-Streak V-8—results in performance so new and dramatic it must be experienced to be believed!

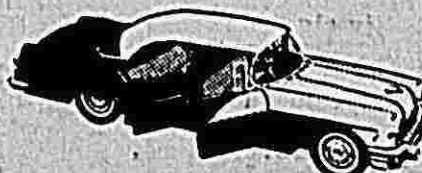

And as to style—Pontiac is again the most smartly distinctive car on the road—the one car that marks you as one who knows the best when he sees it.

So come in today and drive this fabulous car. Sure as you love glamour—sure as you love "go"—you'll go Pontiac in '56!

\*An extra-cost option.

## THREE NEW 4-DOOR CATALINAS!

Now—Catalina styling with four-door comfort in all three Pontiac series—plus new Two-door Catalinas in each line! America's most beautiful selection of hardtops in every price range!

ready to roll!

The hot one's  
even hotter!

THE '56 CHEVROLET BEL AIR SPORT SEDAN—above is a beautiful example of Chevrolet's bigger, bolder look. Four doors and no sideposts in this one—did you notice?

# the '56 Chevrolet

New models—all with bold new Motoramic Styling. More models—including two new 4-door hardtops and two new 9-passenger station wagons. New excitement under the hood—up to 205 horsepower and 9.25 to 1 compression ratio. This—remember—is the car that broke the Pikes Peak record in a history-making, preproduction trial. Come on in, look it over and try it out!

They're sitting in our showroom right now champing at the bit. For these '56 Chevrolets were born with an urge to go places! But look 'em over first. Look at that bigger, wider, more massive grille. Follow that lower speedline of chrome back to those sassy, high-set tail-lights (the one on the left swings down to uncover the gas cap!).

V8 or 6—19 Models in 3 Series

Any kind of model anyone could want! Your choice of the new "Blue-Flame" 6 with 140 h.p. and new higher compression or Chevrolet's record-breaking V8 power ranging up to a new high of 205 h.p. and 9.25 to 1 compression ratio! Automatic, and comfort and safety features? If Chevrolet doesn't offer them, it's only because they haven't been invented yet.

Come in and drive the '56 Chevrolet!

## Lake Villa

Mrs. C. B. Hamlin, Correspondent  
Tel. Eliot 6-3344

A Spiritual Life Mission, during which Methodists of Lake Villa will turn their attention toward deepening their own spiritual lives will be conducted at the Community Methodist Church Nov. 6-11.

The Rev. Kenneth Crandall of Wilmington, Ill., will be guest minister and will preach Sunday morning and each evening Sunday through Friday, at 8:00 p. m.

As part of the Mission, church members will be urged to practice holy habits, including regular church attendance, family devotions, prayer, daily Bible reading, systematic and proportionate giving to the work of the church, and witnessing to their faith.

Wednesday evening the 9th, has been designated as "Family Night" with a dinner at 6:30 p. m. preceding the service.

All members and friends of the church are invited to participate in the services. According to Mrs. Robert Rolin, chairman of the Commission on Membership and Evangelism, it is hoped that every member of the church will make it a point to be present for the first service, 11:00 a. m. Sunday.

The M. Y. F. of the Community Methodist church made a trick or treat visitation for UNICEF Sunday afternoon and collected \$58.00.

The Cub Scouts showed considerable talent in the decorations of the windows of the public buildings in the village in the Halloween decorations.

The regular monthly card party will be held at the Millburn Masonic hall on Saturday evening, Nov. 5, and pinocle and 500 will be played, prizes awarded and refreshments served. Mrs. Sophrona Murrie is chairman.

Mr. and Mrs. Henry Reidel and Mr. and Mrs. Jack Mahoney and son, Pat, visited the Lawrence Reidel family at Marion, Ind., over the last week end.

Mr. and Mrs. James Connell spent a few days last week with Mr. and Mrs. Jerry Plaisance at St. Louis.

Wallace Reidel, Jr., of Diamond Lake who is a student at Ames college in Iowa, visited the Henry and Lowell Reidel families at Sand Lake during the past week.

The work of rebuilding the duck houses at the Weber duck farm which were recently destroyed by fire is well under way, under direction of Joe Nader, Sr.

Mrs. Mary Wilton left last week to spend the winter in Florida and was accompanied on the trip by Genevieve Peterson of the Dalgard store. She expects to fly back this week.

Mrs. Virginia Smith of Buena Park has been quite ill and is being cared for at the home of Mr. and Mrs. Albert Kapple. She is much improved.

A number of members of Cedar Lake Camp Royal Neighbors went to Libertyville last Wednesday evening where they took part in a Friends' night celebration of Prairie View camp. The Lake Villa camp will hold its next meeting at 6:30 Tuesday evening, Nov. 8, at the village hall and will enjoy a turkey dinner for members. The meeting will be held after the dinner.

Mr. and Mrs. Gene Barth, nee Nancy Sheehan, who have been living at Lake Marie, have moved to the L. Hamlin apartment on Grand Ave., to be convenient to Mr. Barth's work at the Public Service Co. on Park Ave.

### Lake Villa Woman's Club

The October meeting of the Lake Villa Woman's club was held Tuesday evening, Oct. 25 at the home of Mrs. Eleanor Holvay.

After the business meeting was adjourned the 24 members and one guest, Mrs. Kenney, enjoyed a china demonstration given by Mrs. Elsie Hays of Antioch. Mrs. Hays had a large number of her lovely china paintings on display.

There was an added Halloween air to the evening as refreshments were served in the brightly decorated dining room by the hostess, Eleanor Holvay and co-hostess Dorothy Bennecke, Ollie Martin and Charlotte Weber.

### Gindich-Faier

Miss Kathleen Gindich, daughter of Dr. and Mrs. M. H. Gindich was married to Mr. Martin Faier of Chicago, in a candlelight service at 5:30 on Sunday, Oct. 23 at the Windemere East Hotel by the Rev.

Dr. Harry Fisher of Congregation B'nai Zion in the presence of a number of relatives and friends who came from Los Angeles, Minneapolis, Omaha, Detroit, South Bend, Denver, Chicago, Waukegan and Lake Villa.

The bride was attended by her sister, Evonne Davis, also recently married, Estelle Faier of Omaha and Georgia Simon of Waukegan.

The bridegroom's attendants were his brother, Robert Faier of Omaha, Lowell Gimbel of Los Angeles and Sidney Davis, and Lowell Komie and Sylvan Lippschutz were ushers.

The bride was lovely in her gown of white silk taffeta, made with basque waist with scoop neckline sequin trimmed and long skirt and chapel train. Her fingertip veil was held in place by a sequin trimmed coronet. The bride couple stood under a pink flower trimmed umbrella canopy and the room decorations were pink chrysanthemums.

A reception was held during the evening following the family dinner party. Among the guests were the bridegroom's mother, Mrs. Goldie Faier of Omaha, Nebr., and the bride party from Chicago, Los Angeles and Omaha.

Waukegan friends attending were Mr. and Mrs. Harry Cohn, Mr. and

Mrs. Ed Cohn, Mrs. Lewis Simon, Mr. and Mrs. Maurice Meyer, Mr. and Mrs. Fred Meyer and Mr. and Mrs. Joseph Smith.

The bride attended the Lake Villa school and graduated from a course in radio and journalism of Northwestern, after having attended the universities of Illinois, Wisconsin, and California. She is now teaching at the Mulligan school in Chicago. Her husband is a patent attorney and a graduate of the University of Nebraska, besides having attended law school at Northwestern.

They are now on a honeymoon trip to Nassau and will be at home to friends at 3121 Sheridan road, Chicago.

Mr. and Mrs. Ed Tiede and Mr. and Mrs. Jack Lynn of Lake Villa attended the wedding.

Here it is for '56—

Best  
Buick  
Jet

When better automobiles are built Buick will build them

IT COMES upon the heels of the most successful Buick in history—and beats it on every score.

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in the sweep-ahead styling of it—from the air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there—in the decorator fabrics and décors—in the jewel-like finish of the fittings—in the precisely shaped steering wheel and controls—in the rich new instrument panel with soft-padded top and glowing dials that detail your progress in changing colors.

But it's when you put this beauty to the city

streets and the open highways that you learn the best of it.

### Performance Without Parallel

A new advance in Variable Pitch Dynaflo\* goes airplanes one better—steps up your get-away in normal driving without switching the pitch. But when you need that extra surge, it's there, instantly—and in extra abundance.

The might of big 322-cubic-inch V8 engines in every Series brings new record high power to all Buicks—ROADMASTER, SUPER, CENTURY, and the bedrock-priced SPECIAL. Yet this is such high-compression power, such dynamic driving power, such completely usable power at the rear wheels—the whole rear end has been endowed with extra brawn and heft and solidity to handle it.

We could spread before you an acre of blue-

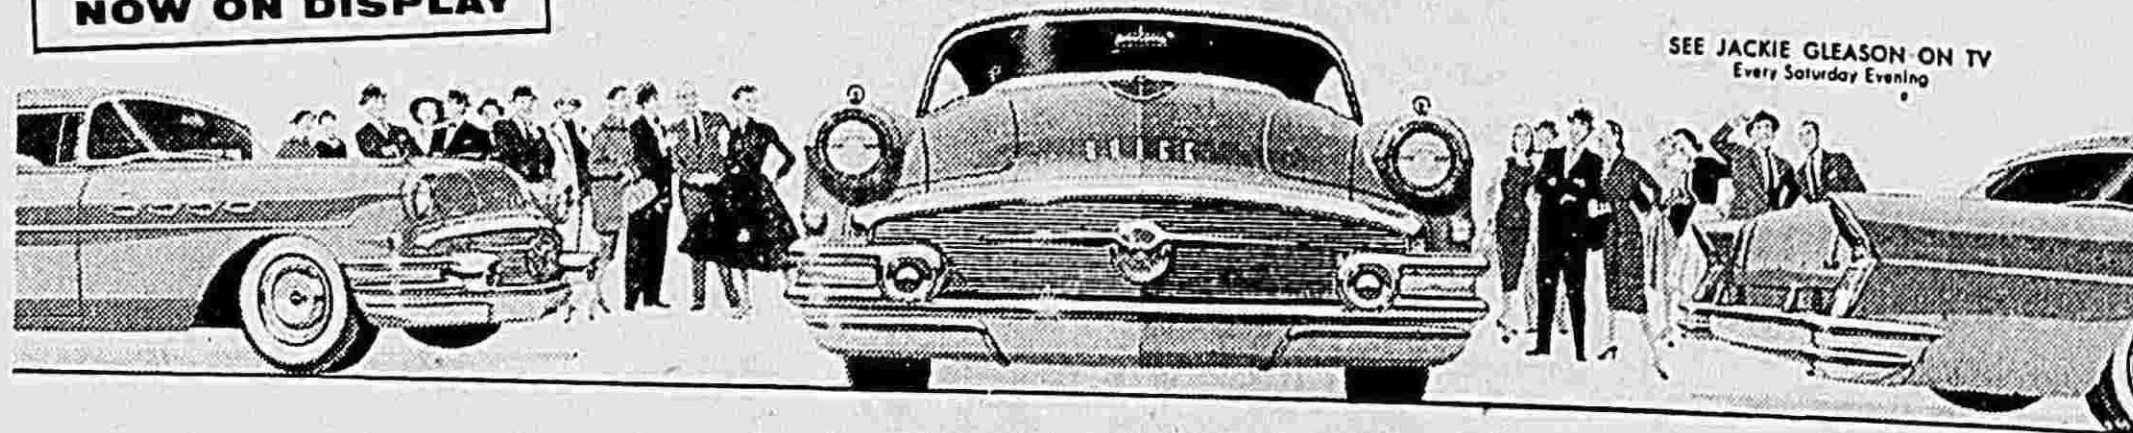

prints on the engineering gems that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

We could tell you about a new double-Y manifold of the engine for more usable power. And about a brilliant new front-end geometry that adds a whole new "sense of direction" to the car's travel. And about massive new direct-action shock absorbers that move three times more oil to cushion your all-coil-spring ride that much more buoyantly.

But you can get the full story right now, at our showroom, in a face-to-face meeting with the best Buicks yet—now on display, and setting a dazzling new pattern for 1956.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
